## About Cologne and Cotton

Imagine the sights and sounds of a busy flea market in Paris, enjoying a beautiful day laughing with friends in search of vintage fabrics. As you turn the corner you discover a vendor with a table of old perfume bottles, each unique in shape and size with charming floral labels ... perfect inspiration for a new fabric collection. The mix of faint violets, muted greens, dusty yellows, and faded charcoal with a touch of persimmon. Romantic prints and colors for a bouquet of Paris ... Cologne and Cotton. — *Renée Nanneman*
