You will need some fusible web if you chose to appliqué by fusing down the pieces.				

## Sewing Instructions

### Appliqué Methods

Please use whatever method you prefer to add the shapes. You can add as many or as few of the shapes given in whatever combinations and using whatever colours you fancy. You can always add your own shapes.

**Fused appliqué:** Trace the shapes onto the paper side of the fusible product. You do not need to add any seam allowance. Cut out roughly leaving a scant ¼" around the shapes. Iron the fusible to the wrong side of the fabric following the manufacturer's instructions. Now cut out along the lines. This results in your appliqué piece having glue right to the edge of the shape.

You will need to add some stitching to the edges of these shapes to make the project robust as the placemats and runner will probably have to be washed after they are used. I used a satin stitch with a stitch length of 3 and a length of 0.3 on my Bernina.

**Turned-under appliqué:** If you are using this method then you will need to add a seam allowance all around the shapes. You can hand appliqué the shapes or machine appliqué them using either a small narrow zigzag stitch or the blind hem stitch. You can use a polyester invisible thread or a matching thread.

All seams are ¼"

## Table Runner

1. Use the photos below as a guide to sewing the rectangles and squares together.
2. Sew these pieces together in groups as shown. The appliqué will come later. Press the seams under the darker fabrics as you go.

3. Now sew the four units together. Press carefully.
4. Use your preferred method to appliqué your shapes. If you are using your machine to appliqué please use a tear-away stabilizer behind to protect your work from being distorted on the bias. Remove the excess stabilizer when you have finished stitching.
5. Take the backing fabric and cut in half. Insert the Blue Circle rectangle between the two halves.
6. Layer up your top with the batting and the backing.
7. Secure the layers using your favourite method - basting, pinning, micro-tacking or spray basting.
8. Quilt by hand or machine.
9. Trim away the excess batting and backing to the edge of the quilt top.
10. Take the three strips of binding and join together into one long strip using a mitred seam (this spreads the bulk of the seam allowance). Fold the binding in half along the length with wrong sides together. Press.
11. Sew the binding to the front of the runner with a ¼" seam. Turn the binding to the back and sew down by hand.

## Placemats

Placemat 1

Placemat 2

Placemat 3

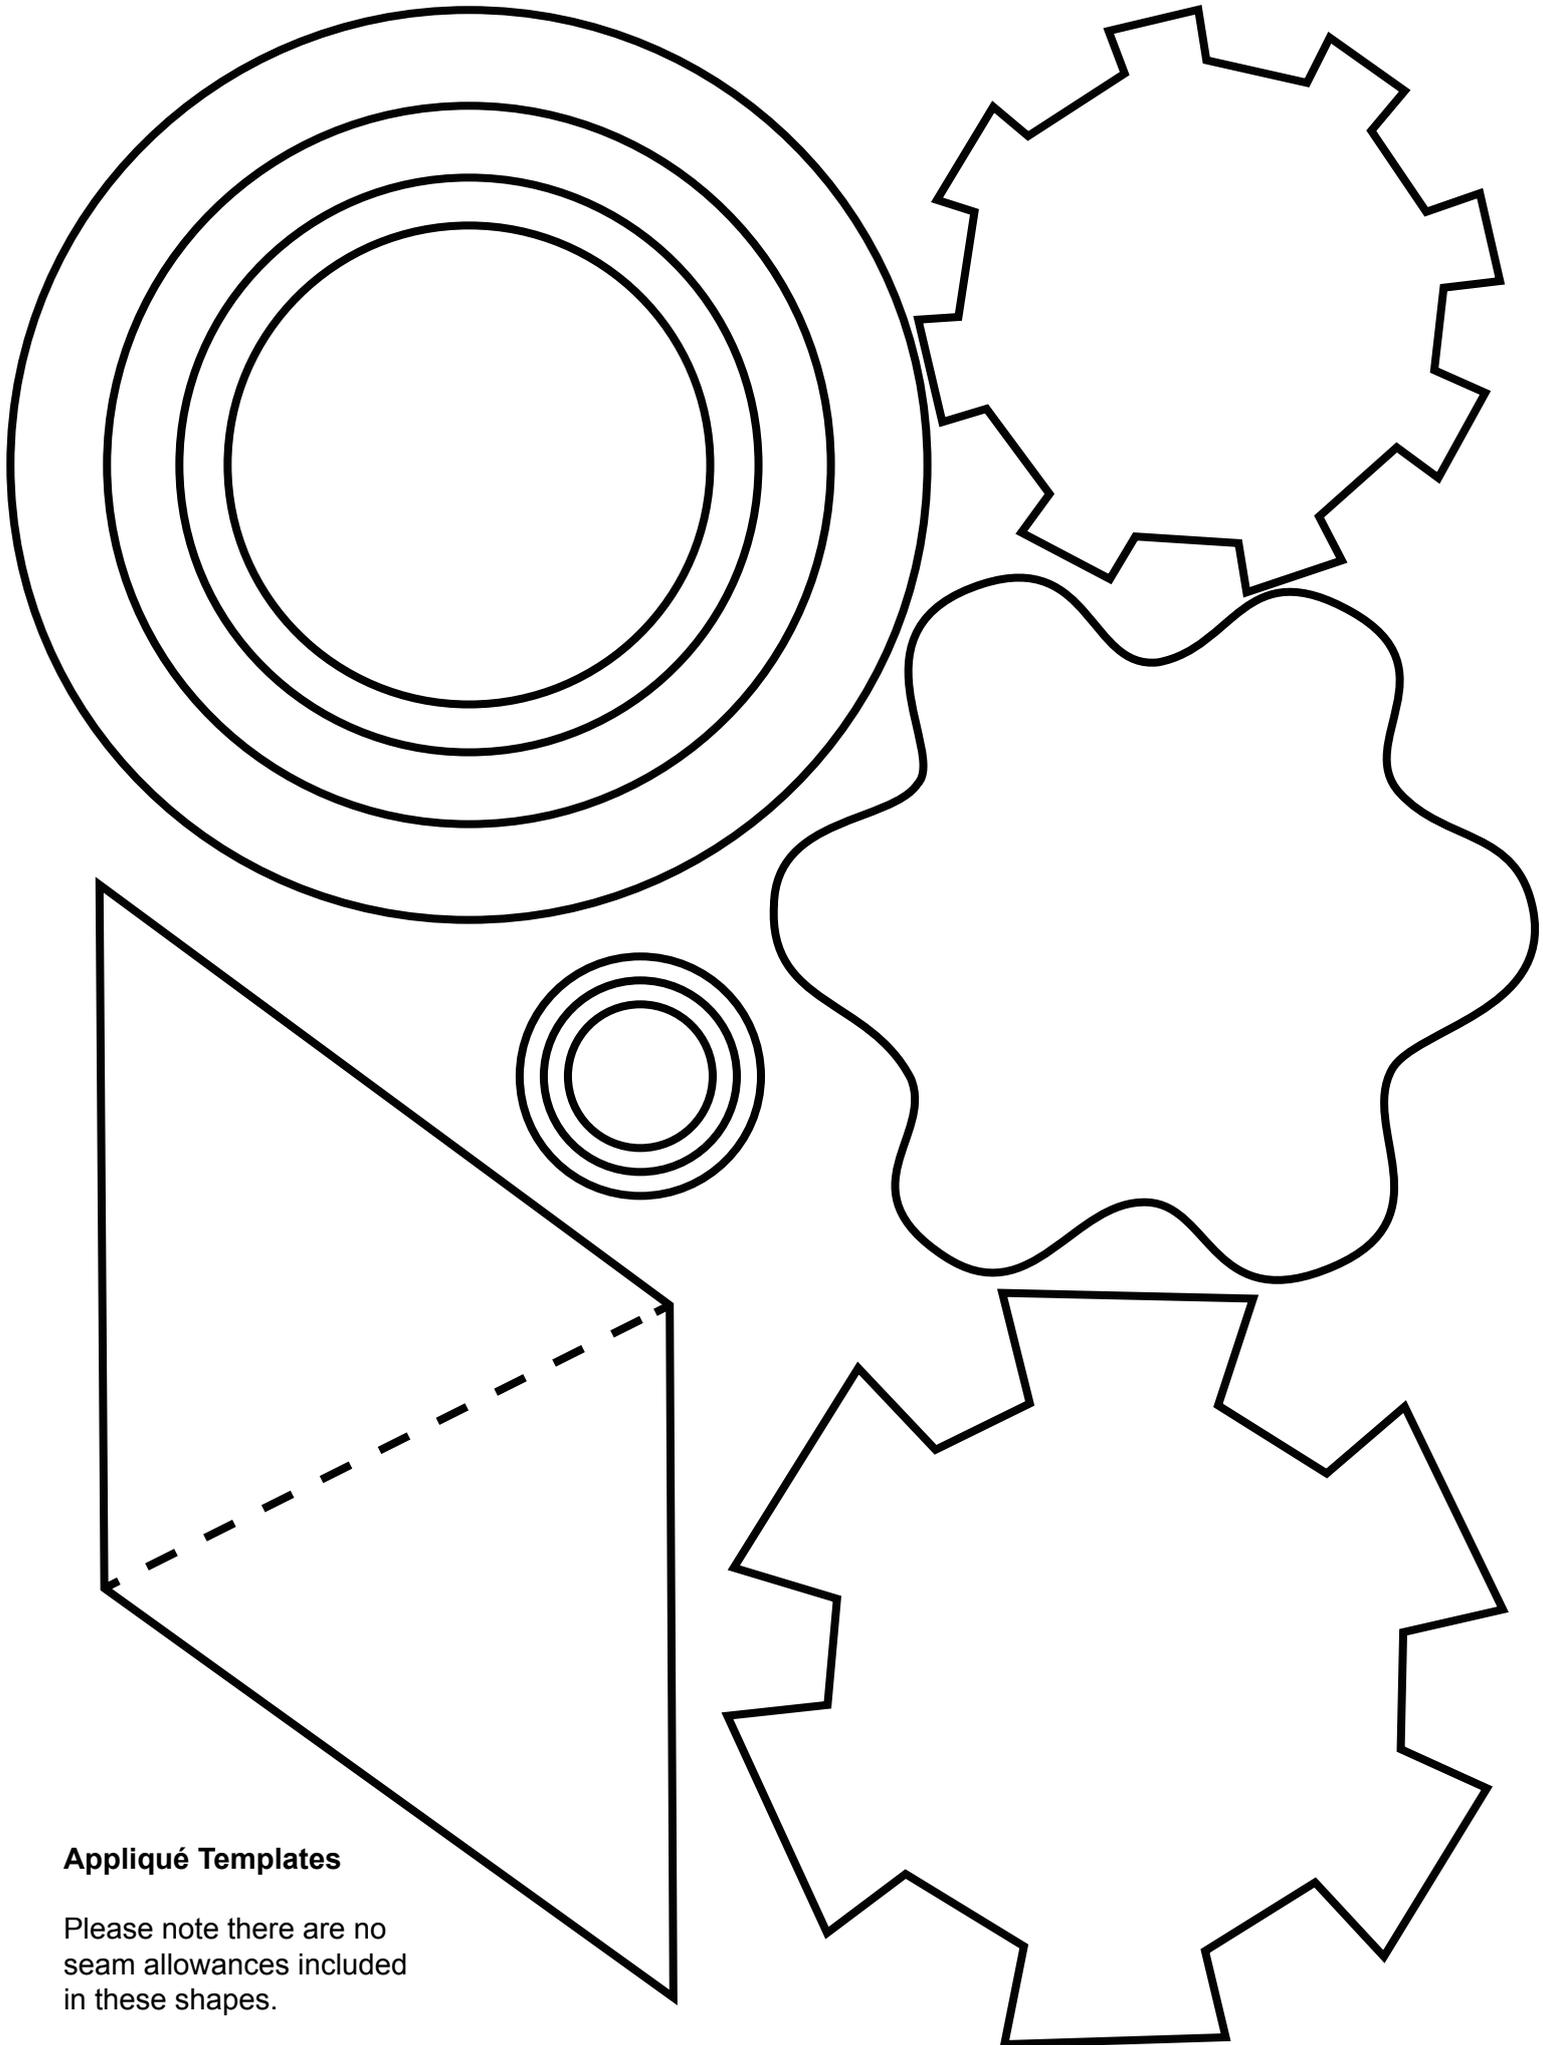

Placemat 4

1. Use the photos to sew the squares and rectangles together.
2. Follow steps 2 - 4 and 6 - 11 above to create the placemats.

*Congratulations.*

*We hope these placemats and runner add a touch of glamour to your dinners.*

**Appliqué Templates**

Please note there are no seam allowances included in these shapes.
