Planning

Posies in pots in two colorways make a spring garden that doesn't require watering! The piecing is easy enough for a first quilt, and the design is fun enough for anyone who wants to add a splash of color to her walls.

Painted Posies Quilt

Making and Assembling the Quilt

1. Refer to the Quilt Diagram throughout the assembly. Fussy cut the black and white panels to center a pot in each $8\frac{1}{2}$ " square. Cut the red leafy vine strips and sashes from every other printed stripe so that the leaves are centered in each $2\frac{1}{2}$ "-wide strip.
2. Refer to the Quilt Diagram throughout the assembly. Join 2 black flower pot squares, 1 white square, and 2 red leaf sashes in a vertical row. Repeat to make a second row like this. Join 2 white flower pot squares and 1 black square with 2 sashes. Join the pieced rows with the $28\frac{1}{2}$ " strips in the order shown. Sew the $32\frac{1}{2}$ " borders to the top and bottom.

3. To make the pieced borders, join the $4\frac{1}{2}$ " squares in the number and order shown, or as you desire. Sew shorter borders to opposite sides, and sew longer borders to top and bottom.
4. Sew shorter red mixed flowers borders to sides.

Finishing the Quilt

5. Layer quilt with batting and backing. Free-motion quilt around motifs in center squares. Quilt in the ditch around pieced border squares. Bind with black dot print to finish quilt.
