Hex Nut Quilt

Introducing Andover Fabrics new collection: **DARGATE VINES** by Margo Krager

Quilt designed by Mary Robbins

Quilt finishes 84" x 99"

Modern and original, this design embraces the geometry of diamonds and circles. Clever placement of fabrics gives an inlaid puzzle look. Where are the blocks? Some piecing experience and attention to details will speed you to a successful finish.

Cutting Directions

Note: Read assembly directions before cutting patches. All measurements are cut sizes and include 1/4" seam allowances. WOF designates the width of fabric from selvedge to selvedge (approximately 42" wide).

Making the Quilt

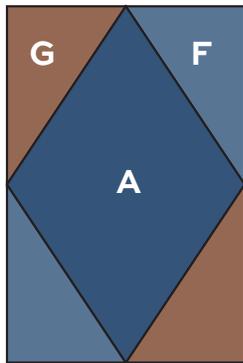

1. Make an acrylic template of each pattern. For piecing success, we suggest that you mark the dots and the seam lines on the wrong side of each patch.
2. Referring to the block diagrams, join the patches in the fabrics indicated. Pay close attention to fabric placement, which is critical for the overall design. Hint: Match dots and drawn seam lines when joining patches. To sew a quarter circle patch to the circle background, position the quarter circle on top of the background patch, right sides together. Match and pin the center dots, then match and pin the ends of the seam lines. Stitch along the seam line to the edges. Press seam allowances toward the background patch. Make the correct number of blocks shown.
3. Referring to the Quilt Diagram, arrange the blocks in order into 12 horizontal rows. Be sure to rotate the blocks as needed to form the overall design. Note that there are 5 row Y with blocks in the same order, and 5 row Z with blocks in a different order. The bottom row is the same as the top row, but it is rotated upside down.

Hex Nut Quilt

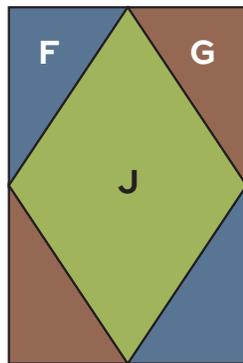

- Stand back to be certain that the blocks are in the correct position. Once you are satisfied, join the blocks in rows. Join the rows.

Finishing the Quilt

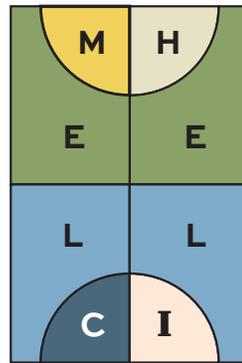

- Layer the quilt with batting and backing and baste. Quilt in the ditch around block patches. Quilt the larger patches as you wish. Bind to finish the quilt.
