**About The House That Jack Built**  
I love Halloween and so does my son, Jack. I combined these two things into a fun play on words with the nursery rhyme "The House That Jack Built." My Jack helped me create the spooky story that you see on the fabric. — *Katie Hennagir*

Diagram 1

2. Referring to the block diagram, sew green squares to ends of 2 black strips. Join 2 black strips to opposite sides of a gray print square. Join pieced black strips to the top and bottom. Make 4 blocks like this.

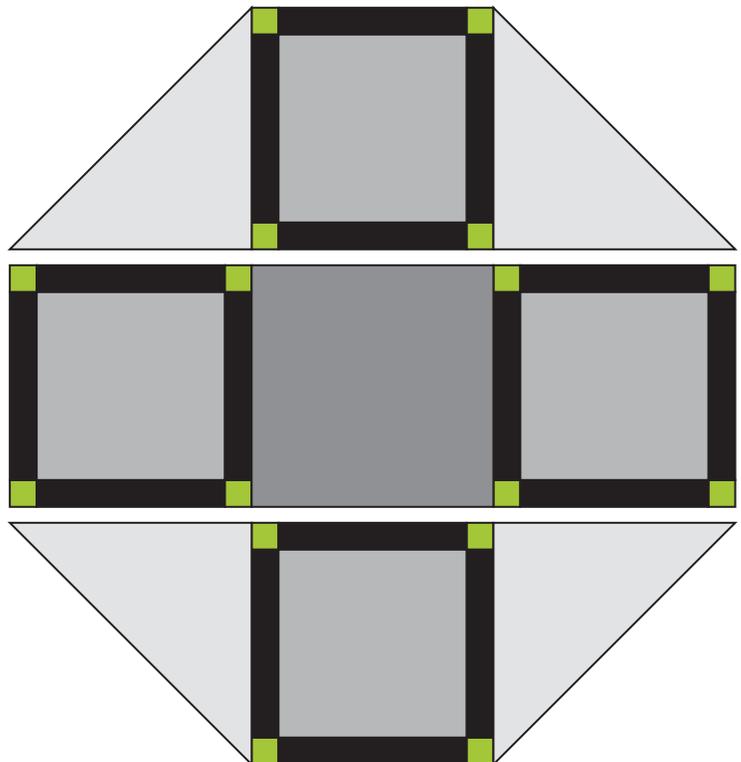

Block - Make 4

3. Referring to the Centerpiece Assembly, position 2 white triangles on opposite sides of a block, orienting the triangles as shown, to make the top row. Repeat for the bottom row, noting placement of triangles. Place 2 blocks on opposite sides of the center house print square. Once you are satisfied that printed images remain upright, join the blocks and patches into 3 rows. Join the rows. Trim the triangles if needed to even the edges.

## Finishing the Quilt

4. Layer the centerpiece with batting and backing and baste. Quilt in the ditch around block patches and around the printed motifs. Bind to finish.
