“The Red Thread ties everything together. Growing up, my aunt in Germany told me the story of the red thread. How it runs through your life and ties everything together. You may not always see it going forward, but you can always see it looking backwards. When you trust life, and follow your heart, your life evolves exactly as it should in perfect timing and synchronicity. One moment and opportunity lead to the next and lead to the next. The European influence is also present in all of these designs, as I spent a part of every summer in Germany as a child. While following your red thread, it’s always good to bring a little luck with you too -like a lucky mushroom, and a lucky lady bug (good luck charms in Germany). This collection is intended to be a reminder that everything is working out, always.”

The Red Thread Quilt

Center Panel
1. Sew one 1½" x 26½" Fabric B strip to each side of the 14½" x 26½" Fabric A strip. Sew one 1½" x 16½" Fabric B strip to the top and bottom of the Fabric A strip to make the 16½" x 28½" center panel.

First Pieced Border
2. Place one 4½" Fabric C square on top of one 4½" Fabric D square, right side together. Draw a line across the diagonal of the top square (Fig. 1). Sew ¼" away from each side of the drawn diagonal line (Fig. 1). Cut the two squares apart on the drawn diagonal line (Fig. 2) to make two 4½" half-square triangles (Fig. 3).
3. Repeat Step 2 with the remaining 4½" Fabric C and 4½" Fabric D squares to make two more 4½" half-square triangles for a total of four 4½" half-square triangle blocks for the border corners.
4. Repeat Step 2 with eleven 5¼" Fabric C squares and eleven 5¼" Fabric D squares to make twenty-two half-square triangle blocks.
5. Trim the blocks to measure 4½" square.
6. Place one half-square triangle from Step 5 on top of another half-square triangle, right sides together. Make sure the center seam is going in the same direction on both half-square triangles and the Fabric C triangle in the top block is opposite from the Fabric C triangle in the bottom block (Fig. 4).
7. Draw a diagonal line across the top half-square triangle so that it goes through the sewn seam. Sew ¼" away from both sides of the drawn line (Fig. 5). Cut on the drawn line to make two 4½" quarter-square triangles (Fig. 6).
8. Repeat Steps 6 and 7 to make twenty-two quarter-square triangle blocks total.
9. Sew together seven 4½" quarter-square triangle blocks to make one side border (Fig. 7). Repeat to make a second side border. Sew the borders to the center panel.
10. Sew together four 4½" quarter-square triangle blocks and two half-square corner blocks from Step 3 to make the top row (Fig. 8). Repeat to make the bottom row. Sew the borders to the center panel to make one 24½" x 36½" quilt top center.
11. Sew one 1½" x 36½" Fabric B strip to each side of the quilt top. Sew one 1½" x 26½" Fabric B strip to the top and bottom of the quilt top.

House Blocks
13. Following the manufacturer's instructions, press fusible web to the wrong side of the remaining Fabric G fabric. Using a rotary cutter, ruler and mat to cut twenty-four 2" x 3" strips for the house doors and forty-eight 1½" squares for the house windows.
14. To make one roof unit, place one 3½" Fabric F square on the left side of one 3½" x 6½" Fabric G strip, right sides together (Fig. 9). Sew across the diagonal of the square from the upper right corner to the lower left corner (Fig. 9). Flip open the triangle formed and press (Fig. 10).

Note: pay attention to the direction of the lines on Fabric F triangle. Make sure the lines of the triangles on the roof unit match the direction of the 3½" x 6½" Fabric F strips. Trim away the excess fabric from behind the triangle leaving a ¼" seam allowance.
15. Place another 3½” Fabric F square on the right side of the 3½” x 6½” Fabric G strip, right sides together (Fig. 11). Sew across the diagonal of the square from the upper left corner to the lower right corner (Fig. 11). Flip open the triangle formed and press (Fig. 12). Trim away the excess fabric from behind the triangle leaving a ¼” seam allowance to make 3½” x 6½” roof block.
